This is not a typical “sit and get” program and will require active participation through assessments, goal-setting and follow-up with a personal leadership coach on multiple occasions.

### Selection Process

Principals will be selected through a competitive process. The number of participants will be based on available funding. Successful applicants will be notified by April 25, 2013.

## ▶ join the club

In 2011, the Kentucky Chamber Foundation launched the Leadership Institute for School Principals. Since then, more than 100 Kentucky principals have joined the exclusive club of graduates of this “game changing” program.

This year dozens of elementary, middle and high school principals from across Kentucky representing both public and private schools will be selected. Apply today to ensure your spot in the Institute's Class of 2014.
